

APPLICATION INSTRUCTIONS FOR THE SPRING 2023 GRADIENT TECHNOLOGY SCIENCE AND ENGINEERING SCHOLARSHIP

This opportunity is open to any senior who attends school in, or is a home-schooler and lives in, Independent School District 728 and will be pursuing a degree in a science or engineering field. It provides \$1,500 to one awardee after one term in good standing. Purely medical degrees, such as nursing and radiological science, will not be considered. However, you may still apply if you will be studying a broader science with medical emphasis, such as Chemistry as a pre-med. Good luck!

1. Fill out the application with pen or type your answers in the spaces provided.
2. All sections are required, unless otherwise stated. This includes section 5.
3. Please answer every question on the Scholarship Application Form unless otherwise noted. If an item does not apply to you, enter "NA" in the applicable space.
4. It is the applicant's responsibility to ensure all parts of the application are included, even the transcript. If any portion is missing, the application will not be considered.
5. Your application packet must be postmarked to the address below by **March 20, 2023**.
6. Applications will be judged on the basis of academic achievement, financial need, original essay, and resume. Any supplementary information provided will not be reviewed.

APPLICATION CHECKLIST – Please submit the following items:

1. Your completed Scholarship Application form. Don't forget to sign it!
2. Official grade transcripts (no copies) that include your most recently earned grades (GPA).
3. Financial Aid Application (*unless completing section 3 of the application*).
4. An essay according to section 6.
5. A resume according to section 7.

SUBMIT COMPLETED MATERIALS TO: Gradient Technology Scholarship
11080 Industrial Cir NW
Elk River, MN 55330

ABOUT GRADIENT TECHNOLOGY

Gradient Technology is an Elk River-based small business incorporated in 1996. Our primary business is to develop equipment and processes for the safe demilitarization of military munitions and energetic compounds. Our staff executes the design, drawing generation, fabrication, integration, installation, programming, and operation for these equipment and processes. Because of the importance of the sciences in our industry, we are excited to support the future careers of local scientists and engineers.
